In the 1982 season, the Varsity Bearcats, under the dynamic direction of head coach Buzz Williams, were undefeated during the regular season. The team was consistently ranked in the top ten in the Bay Area. Adverse weather conditions contributed to the team's loss against Westmoor. To conclude a most memorable season, Quarterback Mike Williams was named to the National High School Hall of fame while five Bearcat gridders were named All-County at their respective positions: Tony Gladney (Wide Receiver), Tom Tuipulotu (Running Back), Paul Fiau (Tackle), and Shane Kaneailakala (Linebacker), and Williams. Darryl Usher (Flanker), Veni Kioa (Linebacker), and Keith Tompkins (Tackle) received Honorable Mention awards.

# Girl's Basketball

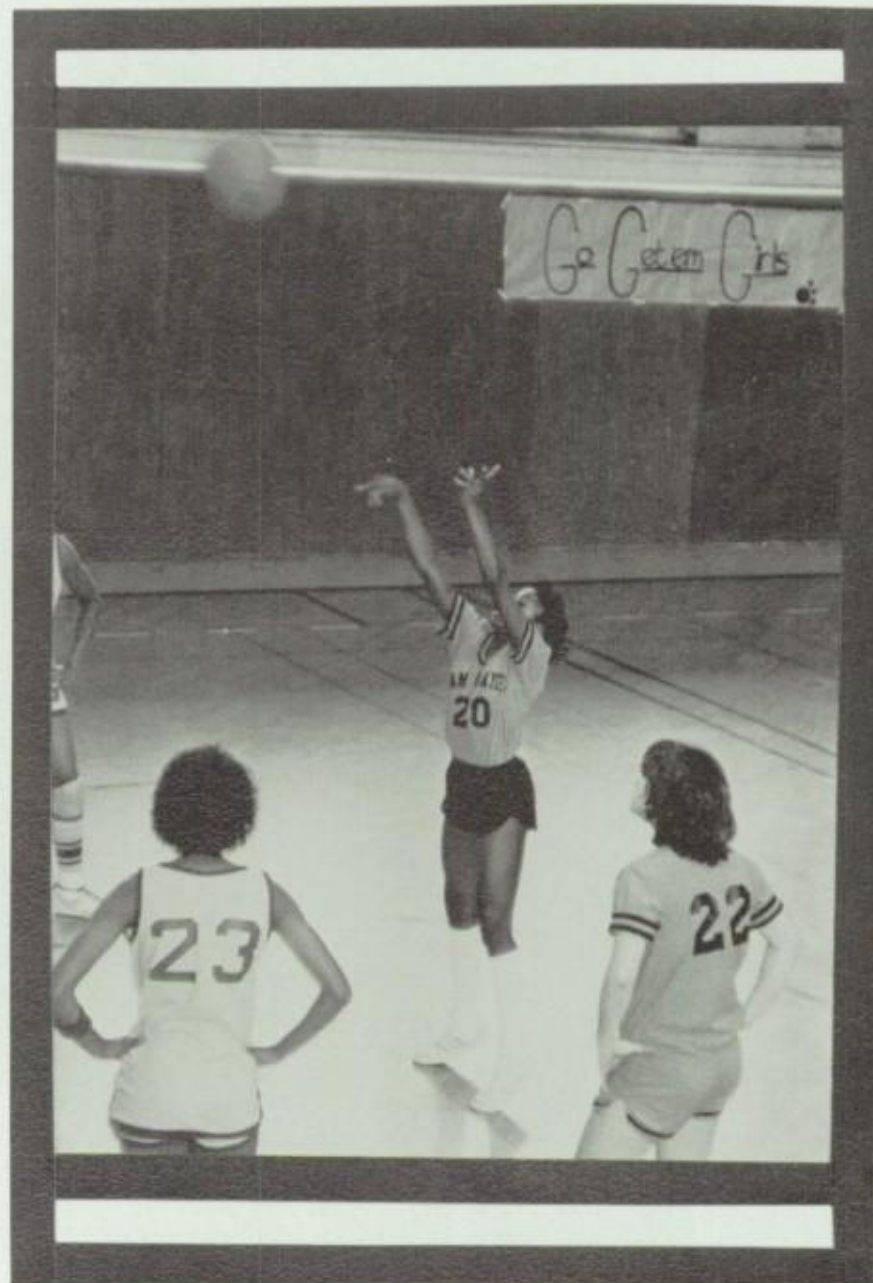

This years Girls Basketball team opened their season with a resounding victory over Sequoia. The young team was the showcase for the talents of Kelli Aruda, Leona Ogo, and Ann Buerhous, during a

# Flag Football

The Varsity Flagball team finished their season with an 6-2 record. The team was in fine shape until two of the starting seniors were injured.

But they both got back in time to finish off the season. Melissa Meggan, a starting Quarterback, only a sophomore, co-led the team with her passing skills. The team Captains were Tracy Slavin and Katie Sanford who led the team to most of their victories. The Bearcats have the most highly rated receivers in P.A.L. and the efforts of the following players should be recognized: Stacey Cevolani, Shari Owyang, Carey Wykoff, Kathy Reschke, and All-Mpl linebacker Tracy "froglegs" Slavin! The running backs gained over 3,000 yards, and scored half the touch-downs.!

# Boys Tennis

Through the past few years the tennis team has been pretty strong but hasn't shown the strength in the winning column. This year we did show the strength with: Mark Kreissmen, Richy Werlitzer, Charlie Thorndike, Eric Schnirfiel, and Marc Wakasa. The team has a good chance to do very well and to go into the playoffs. The matches are going to have to be won by the good play of the doubles teams of Paul Cotton, Jose Delgado; Will Marks and Sean McVeigh

# Badminton

The girl's Badminton Team, with little prior experience, is ready to challenge the district. Although most of the players haven't played together before, they have been able to learn to cooperate with each other in a short time. Already they have beaten Carlmont and Westmoor and looks forward to future games. Since all of the top players have graduated last year, the new birdwatchers are left to the juniors and sophomores to face the new season.

The singles team is led by Sueyin Wong and the number one doubles consists of Debbie Kristofferson and Shannon Sprague. Ever since Ms. Cole left on sabbatical, Alanzo Emery has taken over, with the help of Sarah Escher. The team now looks forward to a prosperous season.

The veterans, Kevin Jow and Doug Henry, will provide the leadership and experience in their 1983 campaign.

The other all-around performer will be junior Aaron Spielman, who, like Jow will compete in all six events.

Rounding out the varsity squad are Doug Henry, juniors Steve Datwyler, Don D'Elia, Mike Davis, Ed Chow, Dan Jaffe, and sophomore standout Caven Castaneda.

WILLIAM RUIZ

When high school days have come and gone,  
Its memories will linger on. Days to cherish and  
remember, seem to start with each September.  
Junior year passed, some knowing our school song.  
Wow! Senior year, we've waited so long. Friend-  
ships have blossomed, we found something new,

learning not to quit until we're through. Our  
spirit rose, with each event that passed, we shared  
some tears and plenty of laughs. Each new year

brought a chance to see, our dreams become reality.  
Suddenly one startling day, we realized the outer  
world is on its way. We begin each day bright  
and brand new, San Mateo High, we found it through  
you. When high school days have come and gone,  
Its memories will linger on.

He has been in many community theatre productions and recently played Lt. Joe Cable in the school's production of *South Pacific*.

Tom has taken classes at the American Conservatory Theatre in San Francisco. He recently beat out 250 other actors for roles in both "Queen for a Day" and the West Coast Premiere of "The Holdup" at the Geary Theatre.

Some of the things that have made me class dare-devil in the eyes of others are: eating goldfish, which is a pre-game type for water polo and to get the other team psyched out—which was one reason for our 1-11 record in 1981. I have to swallow the fish whole and head first so they don't get stuck.

Doing flips (front and back) from the bridges of Foster City have been looked on as crazy. I have been inspired by the competitive spirit between Kevin Lynch and myself. The water is about 7 ft.

deep and I end up about 1 foot in the mud. I go so fast that I don't feel anything, and my eyes are closed because of the soot water.

Driving through the Park atop Jamie Merchant's VW has also earned me the position of dare-devil. Hooking my feet to his sun roof, I stay secured to the car. I like the scenery and it's exhilarating!

I enjoy being daring and risky—if something hasn't been done, I'll attempt it.

I lived in Iran for 12 years where I went to an American school. At the start of 8th grade I was forced to move to France because of the Iranian Revolution. At first, I went to an American school but after the first year I changed schools and went to a French school. Two years ago my family decided to move to the U.S. and it was then that I came to San Mateo High.

I have attended many different schools and therefore have experienced varied things. Although my school in Iran was very similar to SMHS, there are some things that separates them. Clothing was no different from here, but if a girl were to go to school today in Iran she would have to wear a veil. Since a great shock occurred during the time I lived in Nice, France. My school was very strict and the teachers had the right to hit you (if you were a male). A girl would get yelled at and humiliated in front of the class for any misbehavior. School started at 9 and would end around 6. Tenth grade students were divided into 2 classes—the Math and Science class and the Literature and Econ. Class. By the time one was in 12th grade, each student had chosen his/her career and would be put in the class of his/her choice, depending on the major decided upon. I really liked the morning greetings which was a friendly kiss on the cheeks. Even saying good-bye you got a kiss. However, I must say that San Mateo and its people are very friendly and I'm glad to graduate from this school.

I am the teacher for the advanced computer science class, along with Tim Iverson. We started the class by writing letters and calling students to see if people would be interested in participating in a computer class. We teach the students the concepts of computers so they can gain an idea of how to operate computers in the business area and be prepared for the computer era. In the near future, the majority of people will need to know how to operate computers which will be used in almost every occupation and field. Seeing the accomplished work and finished labs from the students gives me great pleasure and satisfaction.

Amir Riahi

Amir, a courageous, energetic, and talented senior will not be forgotten at SMHS. Nothing seems to be impossible for Amir without his sight, which he has shown through his involvement in baseball, wrestling, swimming, running around the track, band, and his involvement in school activities. Amir is truly remarkable.

I was born in Chile and I went to Bolivia with my family where we lived for 15 years. The reason for my family coming here in 1980 was that our relatives lived here and they wanted us to live close to them. The area, the language, the customs, and the people are totally different. Coming from a German school where I had to take 16 subjects at the same time each year, to SMHS with only 6 subjects was very boring. There, we took Physics, Chemistry, Biology, Accounting, etc. since freshmen up to senior I only understood about  $\frac{1}{4}$  of what was said in class here and I was not used to moving to a different room every period. In Bolivia, we stayed in "our" room and the teachers came to the class.

Going to Burlingame High for the spring semester of my sophomore year was an interesting experience. I learned quite a lot of English in the ESL program however, any extra involvement such as gymnastics student gov't., etc., were not allowed there for foreign students.

San Mateo High was very different. I had to know English, and get adjusted to the place and people. Not until the end of my junior year when the elections occurred, did I know that there was a student gov't. In my school, each class had its own Pres., V.P., Sec., and Delegate. A class is all the people in the same room. We did not have names for the classes like "seniors", "juniors", etc., we use 1MA up to 4MA.

The people here are very different and it's taking me a long time to adjust to American culture. People here seem to be more superficial in their relationships and I believe it is due to the strong competition that exists here. I think this forces people to think more in the "me" idea, and to fight the battles by themselves. In Bolivia, machines aren't used as much as they are here. Mankind is used more and this makes people seek the help of their fellowman.

I do miss my school, the poetry group I started, my position in school (class Pres, twice, Sec., and Del) and some customs we had for the weekends.

The San Mateo High School Marching Band, led by drum major John Hoaglund, received a Command Performance rating for the fourth consecutive year at the CMEA Band Festival, also 2nd and 3rd places in the Concord and Foothill competitions. The eighty-five member band, conducted by Mr. Henry Use, hosted the Nor-Cal Marching Band review, performed an exciting half-time show for the Little-Big Game, played for the traditional Santa Claus Parade, and presented many other spectacular events. Thank you band for your dedication and spirit.

On November 11, 1982 the San Mateo Bearcats led an awesome 33-3 victory over the Panthers in the 55th annual LBG. The enthusiastic and spirited bearcat crowd, the fine performances of the SM band, and the cheers from the pom-pom girls and cheerleaders contributed to the thrill of victory.

Eons from now, we will all look and laugh about the way we dressed, looked, and acted during our four or five + years here at San Mateo. The "laughable memories" we enjoyed are preserved within this book (not always with great artistic merit or creative beauty) will jog our aged minds enough to force a smile to our faces or blush to our cheeks. Grayed hair and with varying degrees of senility we will pick this book up out of some cluttered box (possibly full of comic books, empty bottles, dried flowers, records, and old uniforms that we wish we could still fit in), blow the dust off the orange cover, vaguely remembering the school colors (orange and black), and begin the process known as reminiscing.

I had a long night last night and the possibility of slightly changing history is not far fetched, yet; I will attempt, as I sit here on the final day of yearbook production, to briefly recap the year as I saw it, if I saw it, and if when I saw it I understood it. As I say to my Psychoanalyst "Well it, first started when I came to school the first day..."

One day, long, long ago on a very rainy day I went to the library to jog my memory of the happenings of 82-83; it was then I came to the realization that to properly write about 82-83 it would be necessary to recall the moments that we would sooner forget. Hopefully by the time I read this again we as a race will have learned how to stop destroying one another and will live in peace. Good-bye John, Leonid, Henry, Grace, Leroy, Bess, Ingrid, and Doonesbury. We will miss you all. Sorry to depress you but it was important to recall some of bitter memories; they were a part of 82 and 83 too. As we step clear of the gloomy blackness that marred 82-83 I will attempt to now save all of you who are now suicidal by presenting the more pleasant moments of this past year.

It all began with tepeeing of San Mateo High School with invisible toilet paper. What can one say without getting into trouble legally because it is impossible for me to write about parties, otherwise. The year began after a very disappointing first day but quickly developed into an amusing escape. I imagine if you will, October, bug stomping in the halls, Halloween, Night of the Living Dead, and who could forget the Grid, the US Festival or the who?

After too many grams, the rain, slam dancing on TV20, UASB, victory at the Little Big Game, kite flying I can honestly be grateful that ET got home. Congratulations Chuck; bye MASH, way to go Bearcat, and see you at the races Andy Koo.

## The Year

This is a good year for people who don't care a hoot about being in or out. It is a year when it really is **out** to be **in**. And being **in**, for the really **in**, is out.

So it is no surprise that hanging upside down is preferred to sitting right side up, being dot-ty beats having dash and being smoked has it all over getting marinated. (Being pickled gets you nowhere.)

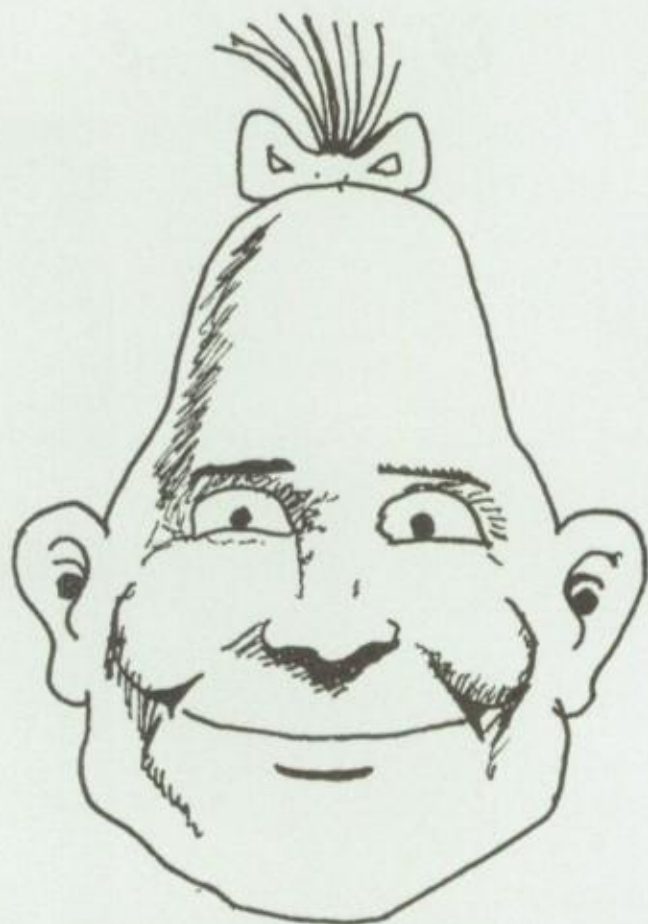

It is no longer cool to dip with friends in a hot tub, better to go it alone in a tank. Being rich permits you to dress spare, which costs more. It is OK to be in a funk, as long as the funk isn't punk. Minis are in or out depending on where your knees are.

The only thing surely **out** is '82, but that is only until some wise one decides it is back in. Here is an up-to-the-minute list of what is in (in left column) and what, besides '82, is out.

"South Pacific" was an extraordinary production with talent and dtermination. The vivacious 47-member cast were on top of their lines and seemed to reach those high notes throughout the play. A large and wildly enthusiastic house greeted the Rodgers and Hammerstein's classic to see an excellent cast unfold the poignant story of a middle-aged French planter and a young American nurse caught up in all the horror and heartbreak of World War II. The success of the play is also contributed to the stage and lighting crew, the orchestra directed by Mr. Henry Use, and the devoted and determined director Roy Casstevens.

## FIRESIDE CHAT #1

It's been a rad year. I'd like to thank all my fellow officers, council members, friends, teachers, administration, and the student body for tolerating me during the past year. We had an interesting year filled with many unusual happenings. I believe that no matter how far apart we have drifted at times during the year in the long run we have grown closer together and have begun the process that will make us truly great people. I believe that the memories of this past will be reflected upon by each of us as something very special. I know I can end my four years here at San Mateo truly believing that there is no better high school and unequaled student body. I am proud that I have been able to be apart of this high school. I will miss you all and this school very much.

Thanks Love,

*Kurt Norman*

What do you think of the Cafeteria?

I don't think they could have a cafeteria. They should have a formal restaurant with long dresses and tux's required. Lobster as the main dish and chef salads. Their soup of the day should always be onion. Don't forget the New York straks!

What is your favorite class?

My favorite class is the one with the least homework, which is none of them. Even though P.E. doesn't have any homework, consider fatigue a substitute for it.
